

RECYCLE YOUR APPLIANCES AT NO CHARGE

Save energy and dispose of your extra,
inefficient appliances responsibly on October 13.

Eversource is partnering with your local transfer station so you can drop off any of the following working appliances:

- Refrigerators
- Freezers
- Air conditioners
- Dehumidifiers

Simply bring your appliances to the Hollis transfer station on Saturday, October 13 during normal operating hours.

Eversource, through NHSaves, will cover the cost to recycle the Freon from your appliances. You will be asked to complete and sign a form at the transfer station.

Visit your transfer station website for hours and directions.

Can't make it?
