

ABSOLUTELY NO TV'S IN THE DUMPSTERS.

In the past several weeks, upon inspection at the incinerators, TV's have been found in Hollis' dumpsters. We have been fortunate, as our loads were not rejected, but they could be in the future. If you observe anyone dumping prohibited items, please alert the attendants immediately. If a load is rejected, a staff member would have to travel to Concord, retrieve the banned items, and then resubmit the load. Please be more considerate of your fellow taxpayers, as well as the staff and refrain from dumping prohibited items in the dumpster.
